NUTEX HEALTH

PRESS KIT

WHO WE ARE

Nutex Health Inc. is a technology-enabled healthcare services company with two divisions: a Hospital Division and a Population Health Management Division.

The Hospital Division implements and operates innovative health care models, including micro-hospitals, specialty hospitals, and hospital outpatient departments (HOPDs). This division currently owns and operates 21 facilities in 8 states. The Population Health Management Division owns and operates provider networks such as Independent Physician Associations (IPAs). Our Management Services Organizations (MSOs) provide management, administrative, and other support services to our affiliated hospitals and physician groups. The cloud-based proprietary technology platform aggregates data across multiple information systems, settings, and sources to create a holistic view of each patient and provider, allowing us to deliver greater quality care more efficiently.

OUR MISSION

To make exceptional concierge-level health care more accessible to all communities, with a practice centered on patient experience and satisfaction.

OUR VISION

To be leaders in individualized patient care and innovators in the Micro-Hospital and Population Health spaces of healthcare.
We accomplish this through:

1. Collaboration with local physicians
2. Strategic acquisition and design
3. A proven and unique business model

LOCATIONS

Founded in 2011, Nutex Health currently has 21 facilities across the United States, with significant growth anticipated.

AWARDS

Dr. Tom Vo won the Ernst & Young "Entrepreneur Of The Year 2020 Gulf Coast Area Award."
Nutex Health was named an Honoree for Houston Business Journal's 2022 Innovation Awards.
Various Nutex facilities win prestigious awards every year, including "Best Hospital in the Region," "Best Place to Work," "Best CEO," and more.
