NUTEX ✚ HEALTH

PRESS KIT

WHO WE ARE

Nutex Health Inc. is an innovative healthcare services company with two divisions: a Hospital Division and a Population Health Management Division.

The Hospital Division owns, develops, and operates innovative health care models, including micro-hospitals, specialty hospitals, and hospital outpatient departments (HOPDs). This division currently owns and operates over 25 facilities in 12 states. The Population Health Management Division owns and operates provider networks such as Independent Physician Associations (IPAs). Our Management Services Organizations (MSOs) provide management, administrative, and other support services to our affiliated hospitals and physician groups, allowing us to deliver greater quality care more efficiently.

OUR MISSION

To make exceptional concierge-level health care more accessible to all communities, with a practice centered on patient experience and satisfaction.

OUR VISION

To be leaders in individualized patient care and innovators in the micro-hospital and Population Health spaces of healthcare.

We accomplish this through:
1. Collaboration with local physicians
2. Strategic acquisition and design
3. A proven and unique business model

LOCATIONS

Founded in 2011, Nutex Health currently has more than 25 facilities across the United States, with significant growth anticipated.
